

## **Backend Engineer (f/m/d) - Remote**

**YOUR MISSION:** As a Backend Engineer at P19 GmbH, you will play a pivotal role in shaping the future of our B2B platform designed for German enterprises. Our platform enables companies to leverage various DSGVO-compliant AI language models, manage prompts collaboratively, and access a comprehensive prompt database. You will be instrumental in developing, implementing, and testing new features and functionalities using the MERN stack.

### **IN THIS ROLE YOU WILL:**

- Design and develop robust backend solutions utilizing Node.js to ensure our applications are scalable, efficient and save.
- Implement new features and enhance existing functionalities to meet the evolving needs of our users.
- Conduct thorough testing to ensure high-quality, reliable code.
- Collaborate with cross-functional teams to refine and improve our tools and processes, fostering a culture of continuous learning and improvement.
- Participate in code reviews, providing and receiving constructive feedback to enhance code quality and team knowledge.

### **Our Tech Stack:**

- MongoDB, Express.js, React, Node.js
- Docker, Redis

### **WHAT YOU BRING TO THE TABLE:**

- At least 3 years of experience in backend engineering, with a strong focus on Node.js.
- A passion for writing clean, maintainable, and scalable code.
- Solid experience with MongoDB, Docker, and modern backend development practices.
- Ability to take full ownership of tasks from inception to deployment while keeping the business context in mind.
- Strong problem-solving skills and a proactive approach to learning and applying new technologies.

### **WHAT'S IN IT FOR YOU?**

- Be part of a dynamic and driven team with flat hierarchies and a collaborative company culture.
- Attractive compensation package to reward your hard work and dedication.
- Training and development budget for conferences and courses to ensure continuous professional growth.
- Flexible working hours, 20 vacation days, and workation opportunities.
- Regular team events
- A remote or in a beautiful office with flair in the heart of Ulm with all the conveniences.
